Property Description

Location: Spain, Benahavis

This is one of the most prestigious developments on the Costa del Sol. An exceptional space from which, on a clear day – which means practically every day – you can see the African coast as the backdrop to a Mediterranean sea as bright as the climate itself.

High quality, surrounded by everything you need. Next to the renowned development of La Zagaleta, a few minutes from the Golden Mile of Marbella, just 100 metres from a small but complete shopping centre, and very close to three of the most prestigious golf courses of the region: La Zagaleta, Los Arqueros and La Quinta, which makes this spot perfect for lovers of this sport.

You can breathe the sea and you're surrounded by peace in this exclusive residential complex in Benahavis.

This complex of magnificent homes, which combines elegance and functionality, has outstanding security and privacy, with 24-hour guarded access. Is composed of three blocks of three floors, and the exterior of the buildings is in classical style with the appearance of a majestic mansion, designed by the famous architect Melvin Villaroel, in a style known as "the architecture of emptiness," with the aim of achieving an equilibrium between humans, nature and architecture.

An equilibrium which he undoubtedly achieved with this exceptional complex, in which vegetation envelopes each building and gives the sensation of being surrounded by nature. The development has a central fountain alongside the extensive gardened zones and the swimming pool in a cloverleaf shape. A place where you will feel protected, perfect for starting a new life.
