SUSTAINABILITY

Preservation of Óbidos Lagoon, Atlantic coastline and all the biodiversity of the region.

The lagoon is where the 120-acre residents preserve adjoins a 2.5km stretch of golden cliffs and Atlantic coastline.

Our architects and planners have been extremely mindful of the natural beauty and ecological balance of the site and responded by creating something extraordinarily beautiful and special that embraces sustainability throughout this truly striking environment.

WELCOME TO THE SILVER COAST

The Silver Coast is just one hour north of Lisbon but its miles away from the pace of the big city. Here you can relax and explore one of Portugal's best kept secrets. Besides playing in one of Europe's most beautiful and challenging Golf Courses, you can explore the marvellous Atlantic beaches, the green countryside, the historic monuments and discover the local food and wine in the company of warm and welcoming locals.

Beach or countryside, to contemplate or to be adventurous, the Silver Coast has a way to satisfy all your wishes and desires. You can discover the region by land with long walks, bike rides and mini tours, or you can take a dive in the Atlantic, go surfing, sailing or canoeing. Your vacation, your choice. Enjoy the wonders of this beautiful region and everything it has to offer.
