## **La Reserva Club Sotogrande - The Residences**

Amidst olive groves, palm trees and the undulating 18-hole golf course of La Reserva Club – just 30 minutes from Marbella – sits an array of exceptional individual and gated communities. From contemporary hilltop homes capitalising on panoramic sea views with floor-to-ceiling windows to contemporary apartments in a tranquil parkland with state of the art facilities, each home is designed to invite the Mediterranean landscape and light in, merging in and outdoor living to best savour La Reserva's privileged location. The communities are anchored by La Reserva Club, a country club complex exclusively available to the communities' residents.

## **The Fifteen Plots**

The ultimate residential experience ever offered in Sotogrande. The 15 is a gated community located in La Grand Reserva and features the most unique sites for your dream home, all set within a unique park developed by world-renowned landscape architect Jean Mus. Each set on approximately half an hectare property, enjoying a setting amplified by their "cliff-hanging" status. As for each of the residences, your ownership includes options to our concierge lifestyle & property service providing our residents the perfect setting to enjoy their free time.

Feel the charm of the infinite gardens and the views overlooking La Reserva Club, Sotogrande, the Mediterranean sea and Africa.

The plots invite interaction between the architecture and its immediate natural environment to create different, distinct spaces. The inner and outer limits of the building are based on structures that develop from the inside to the outside, capturing the landscape, incorporating it into the building and creating the ideal resort living space. At La Reserva Club Sotogrande, the architecture is integrated to maximize views, where harmonization from inside to outside is seamless. We have a selection of designs by many of the greatest architects not just on a local level, but also leading designers from abroad.

The 15 residences enjoy a landscape created by the highly-respected designer Jean Mus, commissioned to bring Provence to Andalusia. He was able to create a genuinely beautiful and informal parkland landscape that provides both privacy and a natural setting for your home.
