Property Description

Location: Spain, Nueva Andalucía

A beautiful modern contemporary luxury villa situated on a 3,200 m2 flat plot with fabulous views over the La Concha Mountain, the sea and las Brisas golf course. This is one of the finest built contemporary homes built with five large bedroom suites plus a two-bedroom staff apartment.

This home offers everything one would desire for entertaining, comfort and privacy. From the impressive in-out driveway, you enter a beautiful double-height entrance hall with galleried first-floor landing. On this level, you have a luxury fitted kitchen with all built-in appliances and wine coolers & fridges. Formal dining room with seating for 12, and large living room all with direct access to the extensive covered rear terrace which overlooks the garden and heated outdoor pool and a fully equipped chiringuito with build-in BBQ & bar, dining for ten and seating area plus toilet & shower. Also on the ground floor level are two very spacious guest double bedroom suites with ensuite bathrooms and dressing rooms. There is a fully functionally separate large office or games room with views over the rear garden.

On the first floor is the central master bedroom suite with his & her's full ensuite bathrooms and dressing rooms with views over the Golf Valley and La Concha mountain. Two further very spacious double bedrooms again both with en-suite bathrooms and walk-in dressing areas.

On the lower level is an amazing indoor Spa with a heated swimming pool that has themed lighting, a Turkish bath, a sauna, and a fully equipped gymnasium. Twelve seater cinema. Central lounge area overlooking the indoor spa and a climate-controlled wine bodega. Access to the 5/6 car garage, fitted laundry room and self-contained staff apartment which comprises of two bedrooms, bathroom and a lounge with fitted kitchen.

The roof terrace is 300 m2 with astroturf seating and private sunbathing with stunning views of the sea, mountain and golf views.

This fine home has been finished and decorated to an extremely high specification, and offers full air conditioning/heating system, underfloor heating, fully integrated Sonos sound system & Alarm and cameras.
