Property Description

Location: Spain, Sotogrande

Built in 2004, this exclusive, high quality, and modern front line golf villa is located within a small-gated community of only seven houses. The villas are notable for their high ceilings and large window expanses. The villa is located just behind the Almenara Hotel. The five-bedroom property benefits from spectacular views across the golf course towards the Mediterranean Sea, which can be enjoyed from a fabulous terrace. The ground floor comprises of a reception hall with storage closet; a large drawing room with very high 3,8 meter ceiling; the dining room which fully opens onto a shaded outdoor eating area; a large kitchen with American style fridge/freezer, electric oven and hob, central island, water softening unit and lots of storage; a utility room/ larder-fuse box with surge protector; a bedroom suite with en-suite bathroom, separate shower and equipped with under floor heating. A limestone staircase leads up to the first floor where the large master suite including a fully fitted wardrobe can be found. A substantial roof terrace including an outdoor fireplace and barbeque can be accessed from the master bedroom. A further en-suite bedroom and bathroom, study, and linen cupboard are on this top floor. On the ground floor and across a central courtyard is the guest Pavilion and a further two bedroom suites. Below the pavilion is a utility area with washing machine, dryer and wine fridge and access to large garage capable of holding up to seven vehicles. This is the only villa with a garage. The outdoor area is largely a paved terrace with a magnificent gazebo, a 13 x 3,5 meter swimming pool equipped with partial heating and automatic ph regulator. The villa has a steel structure and is constructed from brick cavity walls and reinforced concrete. The floors and wall tiling are top quality Capri limestone. The bathrooms come with Jacob Delafont washbasins, tubs and toilets. There are top quality taps and fittings. Internal doors are in stained oak with top quality door handles. Other features: Heating and air conditioning work of the same system. Each room has a thermostat, and can be individually controlled to taste. Hot water is heated with gas. Electrically operated blinds. Security and alarm system installed. Twin community water tanks. Available in the event of a water shortage in Sotogrande. Closed gated community with caretaker during business hours. Vehicle barrier at main entrance with remote control opening. Community playing field. The community manages garden maintenance, pool maintenance and caretaker. Hotel Almenara is only a 3-minute walk.
