Property Description

Location: Portugal, Comporta

The Ocean Village Tróia Resort condominium takes us to a very natural environment. Maybe because of its lake, the adjoining villas without walls creating barriers, maybe because of their size with the ability to surround you without leaving you feeling unprotected, maybe simply because they are special. Everything combined with a small set of T2 houses, with 2 bedrooms, 3 bathrooms, 1 large living room and a generous deck, overlooking a paradisiacal setting and surrounding vegetation, makes our entire experience something very different from traditional condominiums.

The house is distributed over 2 floors. On the ground floor we have a guest toilet, a large 50m² room where you can create distinct living and dining spaces, a 14m² kitchen that is easy to use and full of light. On the first floor we have 2 suites and a Turkish Bath. In the first suite we have 17m² and another suite with 16m², complete bathroom, divided, different from the common one and a fantastic balcony with 7m² overlooking the forest that surrounds the entire condominium.

Your future home, permanent residence, vacation or even investment (there is even Aribnb management just a few meters away) is just a few minutes walk from the beach, with views of the Arrábida mountains and the beach, next to the Casino, Congress Center, Marina and Hotel Aqualuz.
