Property Description

Location:

Facing the Alboran Sea, this exclusive residential development introduces an innovative architectural concept designed to combine privacy, elegance, and panoramic coastal living in one of the most attractive areas of Torremolinos.

Located in a peaceful residential setting, the project stands out for its contemporary design, carefully conceived to integrate architecture with landscaped gardens and abundant vegetation, creating an environment where tranquillity and modern living coexist naturally.

The residential complex is distributed across four architecturally distinctive buildings, strategically oriented toward the sea to maximize the angle of view and ensure that all homes enjoy panoramic sea views and open perspectives over the surrounding landscape and communal spaces.

This arrangement allows each residence to benefit from abundant natural light, visual openness, and a direct connection with the Mediterranean horizon, reinforcing the sense of space and exclusivity throughout the development.

The private urbanization offers extensive landscaped green areas designed for comfort and privacy, while the wellness-focused communal facilities create a complete residential experience centered on relaxation and wellbeing.

Among the shared amenities are swimming pools, a dedicated wellness area, and a healthy circuit designed for year-round enjoyment, allowing residents to enjoy outdoor living in every season.

Every communal space has been carefully planned so that luxury, wellbeing, and natural surroundings become part of everyday life in a setting designed for comfort and long-term quality of living.
