Property Description

Location:

TWO BED | THREE BED | FOUR BED – AVAILABLE

This exclusive residential development presents a refined collection of 70 spacious apartments and penthouses, distributed across seven elegant residential blocks in the hills of Benahavís.

Positioned in an elevated natural setting, the project enjoys a privileged location close to several renowned golf courses, offering spectacular panoramic views across the surrounding landscape and towards the Mediterranean Sea.

The architectural concept has been carefully designed to maximise generous interior spaces, natural light, and visual openness, creating homes that feel bright, balanced, and closely connected to their environment.

Each residence combines spacious interiors with expansive outdoor areas, allowing residents to enjoy privacy, comfort, and outdoor living throughout the year.

The development offers two, three and four-bedroom homes, designed to accommodate different lifestyles while maintaining a consistent sense of elegance and contemporary living.

Large terraces and open-plan layouts create a seamless transition between interior and exterior spaces, reinforcing the feeling of light and continuity throughout each home.

The residences incorporate the latest technologies to ensure modern comfort, energy efficiency, and intuitive home functionality.

High-quality materials and premium fittings have been carefully selected by the design team, creating interiors defined by durability, sophistication, and refined contemporary style.

As expected in a luxury residential development, owners benefit from a complete range of exclusive lifestyle services designed to elevate everyday living.

These include 24-hour security, concierge assistance, dry cleaning service, transport arrangements, and access to a private chef service.

A fully equipped health club provides dedicated wellness facilities, including a complete spa, gym, and both indoor and outdoor swimming pools.

The development also includes a dedicated children's area, ensuring that every member of the family enjoys spaces designed for comfort and leisure.

Surrounding the residences, lush landscaped gardens designed by renowned specialist landscape

architects create a peaceful natural setting that enhances privacy and wellbeing.

More than a residential development, this project offers a lifestyle where design, service, and location come together in one of the most desirable hillside settings on the Costa del Sol.
