Property Description

Location:

Situated in the highest part of Higuerón, this exclusive development represents the latest addition to one of the Costa del Sol’s most sought-after collections of detached villas.

Positioned to capture magnificent panoramic views over the Bay of Fuengirola, the project offers an exceptional setting where architecture, landscape, and Mediterranean light come together in perfect balance.

Each villa has been conceived as a unique residence, with a design approach that allows customization according to personal preferences and lifestyle needs, creating homes that are both individual and timeless.

The interiors and exteriors merge naturally, allowing uninterrupted enjoyment of the Mediterranean Sea views and the surrounding natural environment.

A sense of formal simplicity defines the architectural language, where comfort and harmony with the landscape create a calm and welcoming atmosphere throughout the home.

The distinctive forms of the villa give the project a unique identity, making each residence exclusive both in architectural expression and exterior presence.

Designed to celebrate tranquil living, the outdoor swimming pool visually connects with the sea horizon, enhancing the feeling of openness and serenity.

Private lifestyle features include a personal gym, spacious living areas designed for comfort, and large sliding glass doors that open directly onto Mediterranean gardens surrounding the villa.

Every element has been carefully considered to create a residence where design, views, and daily living coexist in a seamless Mediterranean experience.
