Property Description

Location:

Discover an exceptional contemporary villa in San Pedro de Alcántara, where modern elegance, advanced technology, and Mediterranean comfort come together in one of the Costa del Sol's most desirable residential settings.

Located within a quiet residential urbanisation, the property enjoys excellent connectivity, just 40 minutes from Málaga Airport and only 7 minutes from Puerto Banús, offering easy access to international travel, luxury shopping, fine dining, and the coastline.

The villa is positioned only 450 metres from San Pedro de Alcántara Beach and 700 metres from the town centre, where restaurants, boutiques, and local amenities create a vibrant year-round lifestyle.

Designed for family living and refined comfort, the residence features four spacious bedrooms and four elegant bathrooms, together with a guest toilet, distributed across carefully designed interiors filled with natural light.

The ground floor opens into a welcoming entrance hall leading to a generous open-plan living area, where the kitchen combines functionality and design with premium appliances, including AEG fittings and a Liebherr wine refrigerator.

The dining and living spaces connect directly to the outdoor terrace, creating a seamless indoor-outdoor lifestyle with lounge seating, barbecue area, solarium, and private saltwater swimming pool surrounded by landscaped gardens and mature greenery.

On the first floor, the principal suite includes a private terrace, dressing area, and a contemporary bathroom with both bathtub and walk-in shower, while three additional bedrooms each feature en-suite bathrooms for maximum privacy and comfort.

The property incorporates advanced smart home technology through Zennio systems, including automatic lighting, individually controlled air conditioning, Cortizo aluminium windows with blackout shades, and a motorised entrance door with fingerprint access.

Energy efficiency is integrated through solar panels with battery support, underfloor heating powered by a heat pump, and water heating systems designed for sustainable year-round comfort.

The private saltwater pool includes an electrically controlled roller shutter, counter-current swimming system, and the option for additional water heating.

A landscaped garden with automatic irrigation and secure parking for two vehicles behind a remote-controlled gate complete the exterior spaces.

Partially furnished with custom-made interior pieces included in the price, this villa offers a rare opportunity to acquire a move-in-ready contemporary residence close to the sea in one of Marbella’s most established residential areas.
