Property Description

Location:

3 BEDROOMS FROM €3,250,000 | 4 BEDROOMS FROM €4,600,000 – AVAILABLE

An exclusive new development of 12 contemporary villas located in La Resina, designed to offer privacy, architectural elegance, and exceptional views in one of Estepona’s most promising residential areas.

Each villa has been conceived as a private retreat where modern design, generous proportions, and natural surroundings come together to create a refined Mediterranean lifestyle.

All residences share a clear commitment to quality, with carefully selected materials, high-end finishes, and interiors designed to deliver both comfort and sophistication.

Expansive views towards the Mediterranean define the project, where every home enjoys a privileged visual connection with the sea and surrounding landscape.

The architecture has been created for those who value space, natural light, and tranquility, with every villa offering a unique balance between openness and privacy.

Light becomes the central design element, with large windows strategically positioned to maximise brightness throughout the day and create seamless continuity between interior and exterior spaces.

Double-height ceilings further enhance the sense of volume, bringing elegance and visual openness to the main living areas.

The open-plan layouts combine contemporary design with functionality, integrating living, dining, and kitchen areas into a fluid and sophisticated environment.

Every room reflects attention to detail, with modern features and premium specifications designed to create a home where architecture and comfort coexist naturally.

This development offers a distinctive opportunity to enjoy contemporary living surrounded by nature, while remaining close to golf courses, beaches, and the best destinations of the Costa del Sol.
