Property Description

Location:

This exceptional new sustainable luxury development features 18 individually designed villas set within the prestigious Real de La Quinta country club estate, a remarkable 200-hectare natural setting where panoramic views extend towards Rock of Gibraltar and the African coastline.

Ideally positioned between La Concha and the exclusive La Zagaleta estate, the development borders a UNESCO protected nature reserve and is located just 15 minutes from Marbella, offering a rare combination of privacy, natural beauty, and accessibility.

Residents enjoy access to an outstanding collection of resort-style amenities, including a Lake Club with bar and restaurant, an executive golf course surrounding the lake, a wellness centre, running and cycling tracks, a boutique hotel, equestrian facilities, tennis and padel courts, and a small commercial area with selected shops and services.

Each villa is positioned on a generous private plot, with meticulous orientation designed to guarantee uninterrupted sea views and complete privacy. Every architectural decision has been centred around maximising the surrounding landscape, ensuring that each residence fully embraces its exceptional setting.

Inside, the villas are designed so that nothing interrupts the view. Expansive floor-to-ceiling windows disappear seamlessly into the walls, extending the living spaces directly onto spacious terraces and creating a fluid connection between interior comfort and outdoor living.
