Property Description

Location:

Luna, Sol, and Cielo are part of a private collection of exclusive villas located in Lomas del Virrey, on Marbella’s prestigious Golden Mile. Developed by Prestige Expo, the project harmoniously blends high-end architecture with nature, creating a serene and sophisticated living environment.

Framed between Marbella’s city center and Puerto Banús, with the Mediterranean Sea in front and Sierra Blanca behind, the location offers the perfect balance of vibrant luxury and privacy. The area is known for its iconic beachfront villas, hotels, fine dining, and designer boutiques, while maintaining a tranquil atmosphere.

Each villa features five bedrooms and five bathrooms, with over 600 m² of open-plan living space. Private pools and landscaped outdoor areas are designed for relaxation and entertainment, capturing Marbella’s beautiful climate and views. These villas are close to beaches, luxury restaurants, and prestigious clubs, combining convenience with exclusivity.

Sustainability and comfort are core elements of the design. Air-source heat pumps and underfloor heating ensure an ideal temperature year-round, while UV-filtering windows let in natural light and regulate temperature naturally. Smart home automation allows full control of lighting, climate, and sound. Saltwater pools and hot tubs provide gentler and easier-to-maintain water features, blending luxury with conscious living.

These villas offer a refined lifestyle on Marbella’s Golden Mile, combining sophisticated design, sustainable technology, and the ultimate Mediterranean living experience.
